

HTTP 5221 Security & Usability Summer 2024

Instructor (Weeks 1-7 for Security): Sean Doyle sean.doyle@humber.ca

The Critical Path is the course schedule. It is an important document that lays out weekly **and/or** module objectives that you are responsible for to ensure academic success. Download and/or print out a copy of the Critical Path and refer to it regularly.

Unless discussed and specifically approved in advance by your instructor, the use of generative artificial intelligence (also known as “GAI” or “AI” for example: ChatGPT) is not permitted for this course and its use is considered academic misconduct.
